Base/plinth installation bracket for base/plinth system VX, sheet steel and stainless steel – VX 8620.400

: 06.12.2019 build on www.rittal.com/uk-en

Product description

Description: For configuring the base/plinth with punched sections with mounting flanges or cable clamp rails. To fit 100 and 200 mm high base/plinth trim panels in sheet steel and stainless steel.

Material: Stainless steel 1.4301 (AISI 304)

Supply includes: 2 installation brackets
2 installation brackets for cable clamp rail
Assembly parts

Note: For interior installation on upright base/plinth trim panels
For base/plinth trim panels rotated through 90°, the installation bracket is not needed, because in this position, the system punchings of the base/plinth trim panels may be used directly.
