- 19" UTP Cat.6 patch panel, 24 port, Dual, IDC

Microconnect PP-004 patch panel 1U:

The MicroConnect PP-004 19" UTP Cat.6 patch panel offers a high-density, reliable solution for your network infrastructure. This 24-port patch panel is designed for standard 19-inch rack mounting and features a dual IDC (Insulation Displacement Connector) for easy and secure cable termination. Meeting Cat.6 specifications, it ensures optimal performance for high-speed data transfer in demanding network environments. Built with premium quality materials and adhering to European design standards, the PP-004 guarantees long-lasting durability and consistent performance. Benefit from MicroConnect's 20+ years of experience in providing pioneering connectivity solutions and streamline your network management with this essential component. This patch panel provides a clean, organized, and efficient cabling solution for any professional network setup.
