

Case Logic Reflexion™ Collection

CSC Holster

FLXH-100

This easily accessible holster attaches to your compact system camera's neck strap and dangles weightlessly while you snap away, allowing you to focus on your shoot rather than keep track of your case. Belt loop pass-through offers an alternate hands-free option so you always capture the perfect moment.

Product Features:

1. Fits a Compact System Camera
2. Easy access flap with hook and loop closure
3. Holster tether attaches to the camera's strap so you never set the case down to take a shot
4. Internal dedicated lens cap slip pocket, so your lens cap is never misplaced
5. Protective side wings fold over camera for extra coverage from the elements
