Flowclear AquaRake Pool Leaf Skimmer

Bestway Flowclear AquaRake Pool Leaf Skimmer:

The Flowclear AquaRake Pool Leaf Skimmer is built to keep pools clean with ease. The net collects debris, leaves and dirt that collect on the surface and bottom of the pool. The large size is great for capturing larger debris items most efficiently - no need to empty the bag over and over before you're finished cleaning. Along the front is a soft scoop that helps collect more particles into the net. This helps you keep your pool sparkling clean with minimal effort. The AquaRake is made with durable plastic and mesh netting, providing a dependable debris-collecting cleaning tool to use season after season. Attach any pole with an inner diameter of 30 mm / 1.2 in. (not included) to customize the skimmer to your pool's specific size. Convenient, functional and long-lasting, the Flowclear AquaRake Pool Leaf Skimmer is a great choice that will keep your pool in pristine condition for many summers to come.
