3M Highland 7100141634 Particulate filter 10 pc(s):

3M™ Particulate Filter 5925 are our replacement filters engineered to offer P2 protection against solid and liquid particles. They can be used with 6000 series filters in conjunction with a 501 filter retainer for combined gas and particulate protection such as commercial painting tasks. They're suitable for use as dust and particulate filters and are available in a pack of 10.

Use 3M™ Particulate Filter 5925 to help provide P2 protection while orbital or manual sanding. These replacement filters are for use with 3M reusable masks in our 6000, 6500 and 7000 series, helping to provide P2 protection against medium level fine dusts and oil or water based mists. They're suitable for trade use when orbital or manual sanding or when there is a need for combination gas, vapour and particulate protection such as paint spraying. They're tested and approved to comply with European standards, and are compatible with 3M Eyewear and Hearing Protection.
