ADULT WITH FRESH SALMON & POTATO is a balanced complete food for all adult dogs with normal activity levels.

ADULT WITH FRESH SALMON & POTATO is made with a high proportion of fresh salmon (min. 14%) and contains no wheat.

Fresh salmon provides high-quality protein and high levels of essential fatty acids for skin and coat.

The immune system is strengthened due to the addition of colostrum and the specific immune complex of mannans and glucans (developed by veterinarians) to the recipe.

Therefore, ADULT WITH FRESH SALMON & POTATO is also suitable for food-sensitive dogs.

- high-quality protein (e.g. fresh salmon(14 %))
- contains mannans and glucans for stabilizing the intestinal flora and the immune system
