Product name : JUNIOR WITH LAMB & RICE

JUNIOR WITH LAMB & RICE, 15kg

Bosch JUNIOR WITH LAMB & RICE:

Food intolerances and allergies to certain food components may already occur in the early rearing stage.

JUNIOR WITH LAMB & RICE therefore contains ingredients of low allergenic potential which are particularly gentle on the stomach and the digestive system.

JUNIOR WITH LAMB & RICE is manufactured with rice as the only carbohydrate carrier, i.e. without cereals containing gluten, and with a high proportion of lamb meal flour (min. 10%) as protein source.

The immune system is strengthened due to the addition of colostrum and the specific immune complex of mannans and glucans (developed by veterinarians) to the recipe.

Mussel extracts support the development of cartilage and joints.

- for food-sensitive dogs in the rearing stage (wheat-free)
- adapted protein (25%) and fat (13%) contents
- contains colostrum which strengthens the immune system of the young dog
- contains mannans and glucans for stabilizing the intestinal flora and the immune system
